Fun to drive, easy to own

People are at the heart of every Yamaha. And the new Drive2 PowerTech AC is a perfect example of how innovative thinking enables us to create a vehicle that can make such a positive contribution towards everyone's daily lives.

With its zero-emission motor and whisper quiet operation, this stylish electric PTV is a pleasure to drive - while the low maintenance design makes the Drive2 a reliable and economical performer every day of the week.

And because our customers are always the focal point of everything we do, we've equipped the Drive2 with the most luxurious and spacious interior and a new automotive style dashboard with plenty of storage.

Drive2 PowerTech AC

The Drive2's high-efficiency AC electric motor is one of the most sophisticated and powerful designs in its class. Producing up to 44% more power than the competition, the Drive2 delivers a silky smooth ride together with the best range and performance - making this whisper quiet, zero emissions vehicle suitable for every environment.

Powerful LED headlights

This luxury PTV is built to move you 24 hours a day. And the first time that you take the Drive2 out after dark you'll be amazed at the power and width of the brilliant LED headlight beams. Producing double the brightness of conventional halogen lamps and using less than half the energy, the LED system shows the way ahead!

Dual USB ports

The Drive2 has been designed to offer the ultimate driving experience, and to ensure that phones and tablets are kept charged, the large automotive style dashboard is equipped with two USB ports. A storage bin with a non-slip mat is the ideal place for devices, and there's plenty of space for carrying personal items.

Large automotive style dash

The Drive2 is built to satisfy the needs of a wide range of users, and features a large automotive style dashboard with increased carrying space andfor drinks and snacks in its central area - together with additional storage compartments for keys, wallets or mobile devices.

Practical and durable modular body design

The Drive2's modular body design makes it easy to own and maintain, enabling commercial operators to minimize any down time and increase profitability. A large rear panel gives easy access to the engine for routine maintenance, and the rugged bumpers and durable body panels are built to ensure optimum strength and durability.

New bodywork and enhanced interior

With its restyled bodywork and range of bold new colours, the Drive2 is the most attractive and luxurious Yamaha PTV we've ever built. Offering the most spacious interior and best legroom in the business, the Drive2 also comes with the widest seats on any model, making the the most luxurious model in its class.
