

Ride to new heights. Where Turbo power rules!

This new Sidewinder is another powder-conquering, steep-climbing muscle machine - the stuff of dreams to any serious mountain rider. Ultimate snowmobile technology, wrapped in a great-looking package.

Its every inch a premium model which looks the part and lives up to the promise! The revolutionary turbo-powered 998cc Genesis 180 engine delivers awesome power and torque - regardless of altitude or snow conditions - and is perfectly matched to the advanced Mountain chassis, suspension, track and ski designs.

Many luxuries are standard too, like full Mountain ergonomics, reverse, electric start and hand/thumb warmers, so the result is a truly impressive and enjoyable machine.

- ▶ Genesis® 180 4-stroke 998cc 3-cylinder engine
- ▶ Yamaha's unique turbo-power system
- ▶ Striking and stylish new colours and graphics
- ▶ Massive low end torque for control in deep snow
- ▶ Convenient electric start and push-button reverse
- ▶ Slim and lightweight Mountain chassis
- ▶ Special 'narrow' Mountain front suspension design
- ▶ Wide single-keel Yamaha Mountain skis
- ▶ Fox Float® shocks - QS3 & QSL with climb lock-out
- ▶ 3.0 inch/76mm Camoplast® Power Claw lug track
- ▶ Dual-switch grip control for hand & thumb warmers
- ▶ Dual digital gauges and sleek, low windshield

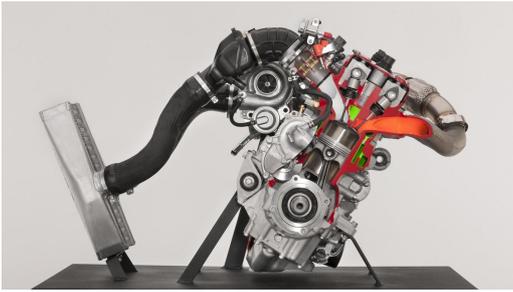

***Whenever, wherever
the snow falls, team
up with your Yamaha.***

Being out on the trails or powder is one of life's great feelings – creating emotional moments to last long in the memory. So enjoy our snowmobiles. Each one is designed and equipped to deliver supreme handling, performance, comfort, economy and reliability.

It's a winning combination you can depend on from your Yamaha – along with our innovative engineering and electronic control technologies that bring you and your machine closer together as a unit – to create a more satisfying riding experience than ever before.

So wherever you ride – on smooth or rough trails, soft powder or up at high altitudes – choose the perfect partner. Your Yamaha.

**Genesis Turbo 998cc 4-stroke engine**

The most advanced and powerful engine ever to hit the snowmobile industry, this smooth, flexible 3-cylinder unit breathes easily at any altitude - in any conditions. Massive torque and pulling power are assured across the rev band, with instant throttle response and no 'turbo lag'. A genuine power revolution in the 'real' 180HP class.

A riding position tuned to the mountains

The short, high seat, tapered towards the front, works together with the tall riser handlebar position - with mountain strap - to give you great comfort and control over the agile chassis. Easy counter steering on steep sidehills comes naturally too.

**Mountain chassis with lightweight ski spindles**

Our latest chassis, first developed for the SRViper Mountain series, features lightweight ski spindles to allow a narrower ski stance without compromising the innovative, high performance design of the suspension geometry. So weight is kept low and strength high. The result is razor-sharp agility and a superbly balanced ride.

Suspension that masters every snow condition

One of the outstanding characteristics of our Sidewinder models is the unique design of their front suspension and ski geometry. This new M-TX LE features independent double wishbone suspension with FOX Float® QS3 shocks and the latest Mountain skis, tuned to deliver ultra-responsive handling - even in the deepest, steepest snow.

**Springless 153 rear suspension**

There's an impressive range of easily adjustable tuning options, thanks to the FOX FLOAT® shocks - QS3 centres and a QSL rear shock with climb lock-out, which features compression settings of Light, Medium and 'Locked' (1-2-L). In deep snow, the 'L' position prevents rear-arm squat and exaggerated ski lift, for greater control and performance.

Camoplast® Power Claw 3.0"/76mm track

A stunning performer in all conditions, the Camoplast® Power Claw track features 3.0 inch (76 mm) lugs. The 2018 model features a flatter (by 9.7°) track approach angle (thanks to a drive shaft lowered by 28.5mm) resulting in more floatability and manoeuvrability, with outstanding levels of grip and propulsion, particularly in deep snow.

<i>Engine</i>	<i>Sidewinder M-TX LE 153</i>
Type / Displacement	4 Stroke / 998cc
Cylinders	3-Cylinder
Cooling	liquid-cooled
Bore x stroke	80.0 mm x 66.2 mm
Carburation	Turbo boosted 41 mm Mikuni x 3, Fuel Injection, Liquid Heated
Intake design	2-valves
Ignition system	Digital T.C.I. w/T.P.S.
Exhaust	2-valves, Rear Exhaust
Clutch / transmission	YSRC, Variable Ratio, Electronic Shift Reverse, Magnesium Chaincase & Cover
Disc brake system	Radial Master Cylinder Hydraulic Brake / Disc on Drive Shaft

<i>Suspension</i>	<i>Sidewinder M-TX LE 153</i>
Front suspension system	SRV-M New Spindle
Front shocks	FOX Float QS3
Front travel	177 mm
Rear suspension system	Dual Shock SR 153 Springless
Rear shocks	FOX® Float® QS3 / FOX Float QSL w/climb lock out
Rear Travel	394 mm

<i>Measures / Dimensions</i>	<i>Sidewinder M-TX LE 153</i>
Overall height	1,260 mm
Overall length	3,360 mm
Overall width	1,117 mm
Track W x L x H	14 inch x 153 inch x 3.0 inch, 381 mm x 3,886 mm x 76 mm
Track Type	Camoplast Power Claw 3.0"
Ski stance (ctr. to ctr.)	876 - 978 mm adjustable
Fuel tank capacity	33.6 litres

<i>Features</i>	<i>Sidewinder M-TX LE 153</i>
Electric start	Standard
Reverse	Standard
Hand & thumb warmers	Standard
Headlight watts, type	LED
DC output	Standard

Snowmobiles are built to operate within their design limits. For durability, reliability, but most important of all, operator safety, under no circumstances should the recommended capacities identified in the owner's manual be exceeded. Consult your snowmobile dealer when selecting a snowmobile for your particular needs.

Always wear a helmet, eye protection and protective clothing. Always ride responsibly and within your limitations, respecting the environment as well as country and local laws. The riders depicted are professionals; don't attempt to emulate them. The specifications, measurements and appearance of Yamaha products will be varied from time to time without notice, and as shown here are illustrative only and are not a contractual description of products. Some models are shown with optional accessories.
