## Inspired by the past, built for the future

Yamaha is opening the door to the world of customization to every rider with the XV950 & XV950R– a bobber that encapsulates the character and personality of those original back street creations in a new neo retro Japanese look.

Not only do we open the door of customization, we also provide the right tools to make each XVS950 a unique experience.

### Brass and stainless steel design elements

1TPF61COR000	XV950 TURN LIGHT BEZEL BRASS
1TPF61COS000	XV950 SPEEDOMETER VISOR BRASS
1TPF61COT000	XV950 TAIL LIGHT VISOR BRASS
1TPF61COV000	XV950 HEADLIGHT BEZEL BRASS

To the bobber enthusiast, minimalism and utility are important. Therefore we introduce a line-up of solid brass, brushed finish, light bezels and a speedometer visor. When combined, they give the XV950 a unique, vintage flavour and help complete its modern interpretation of the classic bobber.

The brass speedometer visor not only looks good with the other solid brass accessories accents, it also helps keep speedometer reflections off a windshield.

- Easy installation using strong ThreeBond® adhesive for a permanent mount
- Accurately formed for a perfect fit
- The turn light bezels fits both front and rear turn signals, sold in pairs

### Brass and stainless steel design elements

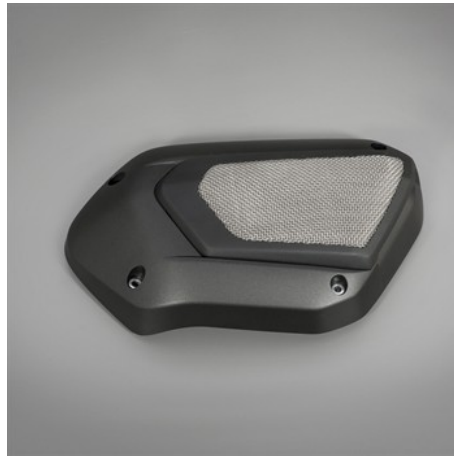

1TPE54G0T000	XV950 AIR CLEANER COVER BRASS
1TPE54G0V000	XV950 AIR CLEANER COVER SS
1TPF62B0V000	XV950 CUSTOM GRIPS
1TPF74M0T000	XV950 CUSTOM PEGS PASSENGER
1TPF74M0V000	XV950 CUSTOM PEGS RIDER

Next to the light bezels we also introduce other matching custom accessories with brass accents.

The air cleaner cover (available with a brass or a stainless steel mesh insert) add a performance attitude and a direct replacement for the XV950's OE air cleaner cover without sacrificing the benefits of a Yamaha Genuine Parts & Accessories air filter.

The custom grips and rider & passenger pegs are machined from aircraft-quality 6061 billet aluminium including brass end caps. The knurled EPDM rubber grips provide excellent grip properties. The custom rider & passenger foot pegs are a bolt-on, lightweight, and high-strength replacement for the XV950's OE pegs.

The passenger and rider foot pegs are sold separately.

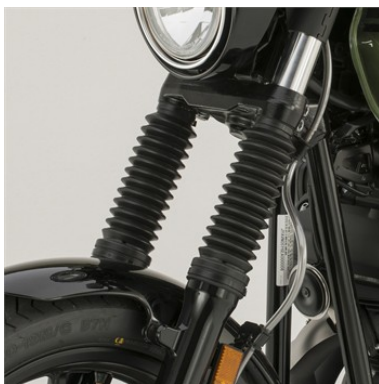

### Spoke wheels

1TPF51C0V000 XV950 SPOKE WHEEL FRONT  
1TPF53S0V000 XV950 SPOKE WHEEL REAR

These custom wheels are an absolute must to truly complete the classic “Bobber” look of the XV950. Wheels feature proprietary chrome-plated steel alloy spokes. Requires installation of inner tubes, bands, and tube-type tires

- Flat-black anodized, extruded aluminium rims
- Machined, anodized, 6061 billet aluminium hubs
- Wheels come completely assembled with OE bearings and seals
- Dealer installation recommended

### Fork gaitors

1TPF31E0V000 XV950 FORK GAITORS

These durable fork gaitors contribute to the classic “Bobber” look of the XV950. Help protect fork tubes from road debris damage  
Durable UV protected rubber construction

### Lowering kit

1TPF33A0V000 XV950 LOWERING KIT

This kit lowers the ride height by approximately 2,5 cm, for improved ground feet access for the rider. Gives the XV950 a low, custom look while maintaining a smooth, consistent ride quality.

High-quality, gas-charged shocks with twin steel wall construction . 5-position adjustable shock spring pre-load.  
Progressive wound fork springs soak up small road bumps, yet are firm enough to absorb large ones.

### Touring handle bar

1TPF61B0V000 XV950 TOURING HANDLEBARS BLACK

These touring handlebars are the epitome of cool, giving the XV950 yet another truly classic bobber element. Handlebars are precision-welded, powder-coated, 25mm steel alloy tubing.

- 120mm rise, 144 mm pullback and 737mm width.
  - 83mm taller and 15 mm forward in comparison to stock handlebars.
  - Dealer installation recommended
- Extended Length Braided Stainless Steel front brake line and control cables required for installation (sold separately)!

### Steel braided clutch, throttle & brake lines

1TPF63A0V000 XV950 CLUTCH CABLE SS  
1TPF63B0V000 XV950 THROTTLE CABLES SS  
1TPF58A0V000 XV950 BRAKE LINE REAR SS  
1TPF58E0V000 XV950 BRAKE LINE FRONT SS

1TPF63A0T000 XV950 CLUTCH CABLE SS XL  
1TPF63B0T000 XV950 THROTTLE CABLES SS XL  
1TPF58E0T000 XV950 BRAKE LINE FRONT SS XL

Upgrade the appearance of your XV950 by replacing the stock throttle and clutch cables and brake lines with these stainless steel braided lines built to exacting stock specifications.

- Constructed using 308 stainless steel braided brake hose with a Teflon® inner liner
  - Rugged clear coat over the full length of the lines for easy cleaning and protection to paint and windshields
  - Dealer installation recommended
- The XL version are required for installation of accessory touring handlebars (sold separately)

## Back rests

1TPF84A0V000	XV950 BACKREST SIDE ARMS BLACK
1TPF16C0T000	XV950 BACKREST SHORT BLACK
1TPF16C0V000	XV950 BACKREST TALL BLACK
1TPF84B0T000	XV950 BACKREST PAD R
1TPF84B0V000	XV950 BACKREST PAD STD
1TPF48B0V000	XV950 BACKREST LUGGAGE RACK BL
1TPF48C0V000	XV950 BILLET REAR FENDER RACK

A variety of passenger backrest uprights, side arms, and pads (each sold separately) to allow you to customize your backrest setup for your passenger.

- Side arms and uprights are constructed of flat-black powder-coated steel
- Two upright height options let you choose between a short and sporty look or one that's tall and "old school"
- Full compatible with accessory rigid-mount leather saddlebags

Sure, you like to keep your bike clean and simple looking, but you need functionality, too. That's why we offer our sleek-yet-useful backrest luggage rack.

- It fits both short and tall passenger backrests
- Provides about 290cm<sup>2</sup> of cargo capacity (maximum 4,5kg load capacity)
- Durable flat-black, powder-coated metal construction

In case you do not want to mount the back rest but still want some possibility to carry luggage we also offer a billet rear fender rack. This stylish, black powder-coated rack protects the top of the rear fender when securing a duffel bag or soft luggage on your XV950.

- Machined and formed from aircraft-quality 5052 aluminium alloy
- Requires removal of the passenger seat

## Luggage

1TPF83G0T000	XV950 WINDSHIELD BAG BLACK
1TPF83G0V000	XV950 WINDSHIELD BAG OXBLOOD
1TPF84H0T000	XV950 SADDLE BAGS BLACK
1TPF84H0V000	XV950 SADDLE BAGS OXBLOOD
1TPF84M0V000	XV950 SADDLE BAGS SUPPORT BARS
1TP833C00000	XV950 BLINKER RELOCATION KIT

These rigid-mount saddlebags give you ample storage for short trips while also adding to the retro styling of the XV950.

- Moulded ABS backing plate
- Hidden quick-release buckles for easy access
- Combined storage capacity of 14L
- Saddlebags fit snugly to the fender for a clean look
- No straps or zip ties needed

The sturdy support bars and the inner fender eliminator kit are required for installation.

- Sturdy, steel tubing yet lightweight
- Black powder-coated, weather-resistant finish
- Compatible both with and without accessory passenger backrest

Either look windshield bag conveniently and securely mounts to the accessory quick-release windshield.

- Internal ABS backing plate
- 1/4-turn clasp for easy access – even while wearing gloves
- Large enough to store your wallet, cell phone, or other small personal items
- Retains its shape even in hot weather
- Easy bolt-on installation

### Stiletto seat

1TPF47C0S000 XV950 STILETTO SEAT

An aggressive-looking “performance” style seat that gives the XV950 a custom look while also providing great comfort for long day rides.

- Two-tone oxblood and black leather seat panels
- Uses stock mounting points
- Easy installation
- Not suitable for use as a passenger seat
- Requires removal of the stock passenger seat

### Springer bobber seat

1TPF47C0V000 XV950 BOBBER SEAT

Add to the classic “Bobber” styling of the XV950 with the old school flair of a springer-style solo seat. It really completes the look.

- Integrated spring suspension
- Moulded frame cover
- High-quality leather seat panels
- Hides all electronics for a clean look

### Reduced reach solo seat

1TPF47C0T000 XV950 REDUCED REACH SOLO SEAT

This functional seat positions the rider 25mm forward for those looking for a riding position slightly closer to the controls.

- Moves the rider forward, eliminating the expense of new handlebars, cables, and hoses
- Uses an OE seat pan to simplify stock seat replacement
- Retains the low height of the stock seat

### Wind shields

1TPF83J0V000 XV950 QR WINDSHIELD  
1TPF83L0V000 XV950 QR WINDSHIELD MOUNTS BL

Made of tough 3mm polycarbonate treated with the new-generation Quantum™ coating to provide a long lasting, durable, protective finish. Quick-release windshield mounts (1TP-F83LO-V0-00) are required for installation, sold separately. Not compatible with tall handlebars.

- 330 mm tall x 381 mm wide
- Greater scratch, crack, and impact resistance than typical hard-coated polycarbonate
- Excellent wind protection to the chest area
- Quick-release functionality gives you the versatility to remove the windshield whenever you please; leaving its minimal mounts on the bike

### Bullet cowling

1TPF83J0R000 XV950 BULLET COWLING MNM2  
1TPF83J0S000 XV950 BULLET COWLING BWC1  
1TPF83J0T000 XV950 BULLET COWLING SMX

This aerodynamically designed mini fairing offers the option of a very custom-looking add-on to emphasize the uniqueness of the XV950. Not compatible with tall handlebars.

- Injection-moulded PPE/ PA body
- Injection-moulded polycarbonate windscreen with Quantum™ coating
- Three colour options to coordinate with the stock components

### Engine guards

1TPF43B0V000 XV950 ENGINE GUARD BLACK

Our engine guards for the XV950 provides a lightweight, utilitarian look.

- Made from flat-black, powder-coated 25mm steel tubing
- Shaped and designed to fit the XV950's no-nonsense styling

### Forward controls

1TPF14A0V000 XV950 RIDER FORWARD CONTROLS

You may enjoy back to basics, but why minimize comfort? This genuine accessories kit moves the rider's foot pegs forward 66mm for more leg room and comfort. Made from billet steel, our kit works with both OE and accessory foot pegs and lets you use the OE rear brake hose and wiring harness. Solid OE feel, and no brake system bleeding or wiring modifications required.

Not compatible with Engine Guards or Lowering Kit.

### Akrapovič Slip-on exhaust

Part number to be confirmed

Our partner Akrapovič is developing a cool black painted slip-on muffler to have improved appearance, sound and performance compared to the stock exhaust.

**This is a non Yamaha branded product and is fully developed and produced by Akrapovič.**
